

# Pot of Gold Bridge

## STEM challenge

The luck of the Irish was with you and you found the pot of gold at the end of the rainbow! However, the only way to avoid the leprechaun is to cross the river. The problem is, there is no bridge, and the only thing you have is your pot of gold.

Your challenge:

- \*Build a bridge using only pennies.
- \*Your bridge needs to stand on its own.
- \*Your bridge must be at least 3 inches long.
- \*Your bridge must stand for at least 10 seconds.

Good luck wee lads and lassies!
